# MONSU TUESDAY/THURSDAY TAKEOVER

MONSU Caulfield is a student union with a difference. The MONSU crew helps thousands of students weekly! MONSU aims to host several different events and provide a number of services that appeal to all students, whoever they may be.

A big part of MONSU Caulfield is the running and management of our clubs. As part of our grant funding for clubs, we are helping you 'takeover' the campus green every Tuesday and Thursday during the teaching period.

## WHAT DOES A TAKEOVER INVOLVE?

MONSU will grant clubs each week for 10 weeks during semester 2, a sum of \$300 to put toward creating an innovative club run event on the Campus Green for Caulfield Campus students.

The event isn't restricted to foodie run events, you can provide entertainment, run a competition, set up a gaming event- the options are endless! You can choose to generate revenue from the event ie. charging a gold coin for a serving of food. You can also use the grant money to simply promote your club and drive membership or ticket sales!
