

# Census Date

In order to discontinue a unit without academic + financial penalties, you must do so before the Census Date.

For Semester One 2018, the census date is 31st of March and for Semester Two 2018 the census date is the 31st of August.

- If you withdraw before this date, you do not pay for the unit. [NOTE: International Students will not receive a full refund.]
- If you withdraw after this date you are financially committed to 100% of the cost for the unit.

## Thinking of withdrawing from unit after census date?

Before the 1st of May in Semester One and the 25th of September in Semester Two, there are academic advantages to withdraw from a unit that you are unable to pass. Come and talk to MONSU Student Rights + Support and find out why.
